THE REAL LESSON OF THE BUDGET WHAT REFLATION CAN DO

FASCISTS whether they are struggling to make a business pay, or waiting in queues to get a job of work, cannot fail to rejoice at the partial (and possibly temporary) relief which the Budget affords them in lightening the economic load which, in common with less well-informed or perhaps less unselfish fellow-citizens, they have had to bear for so many years.

THE BUDGET

“Here’s sixpence for you, John, but I may want it back”

Even allowing for the non-provision for payment of the American "debt," and not forgetting that huge Death Duties, a permanent capital

levy in fact, have been treated as though they were income, it is clear that there has at last been an improvement in industry which has been reflected in the national accounts and Budget.

Mussolini, in his country, can make no such showing, even with a far more efficient administrative machine than we have here. The lesson is plain enough.

POWERFUL patriotic Government such as Italy is generally credited with under the Duce, with a nation behind it working in the corporate spirit and with a Corporate Plan, fails to balance its

budget; whilst, in Britain, an Internationally-minded Jew-packed, weak-kneed coalition, whose members have long ago lost the confidence of the thinking people of the country, registers a large Budget surplus and can begin to reduce Income-tax and to restore cuts in doles and wages, a proceeding which will have an enormous—influence favourable to continued improvement in trade.

MONEY THE KEY

To those who know the truth, there is nothing extraordinary in all this. They know that the real Government of every country, whether it calls itself Fascist or Democratic, is MONEY, and that no Government, Fascist or Democratic, can be master of its own affairs until it controls its own Money Issue.

We have repeated again and again in *The Fascist* that Mussolini, the founder of Fascism, and the Champion of the need for Reality in Politics, has never faced squarely the Jewish cornering of Money through the Gold Standard, under which Italy suffers, and, until he does, his Fascism is vitally incomplete.

"The Gold Standard has been the ruin of the States which adopted it, for it has not been able to satisfy the demands for money" (Protocols of the Elders of Zion, No. 20). It is a tragedy that Mussolini should have a Jewish Financial Adviser and take no action against the Gold Power.

The Imperial Fascist League has had its finger on the spot since its foundation in 1928.

Our Budget is cheerful, because of one thing and that was not planned by any intelligent foresight on the part of any politician. The Right Hon. R. McKenna, Chairman of the Midland Bank, correctly diagnosed the case in his address to the Shareholders last January, when he pointed out that the slight revival in trade, was due to a camouflaged inflation which resulted, since February 1932, in an increase in Bank Deposits by no less than £300,000,000; to that inflation is due the slight rise in the price-level and the return to employment.

The improvement is therefore due to the country having, without being aware of it, taken a homoeopathic dose of Imperial Fascist League medicine, REFLATION.

To use that medicine rationally to cure the patient completely, it is necessary that the reflation be controlled and conducted with the object first of restoring price-levels until they bear a reasonable relation to those which obtained when the bulk of our debts were incurred; when that point is reached, price-levels must be stabilised there by control of Money-Issue and Money-withdrawal with that object in view; in other words, a Goods Standard for Money must be adopted; so that its purchasing power will be always stable.

Like all powerful and efficient remedies, an overdose can poison the patient, as it did under Jewish guidance in Germany. That is only one of the reasons why it is necessary that Fascism must be based on Racial Realities, and cannot achieve permanent success if it stops short of that, as Mussolini did. In the long run, the Character of the Controllers of Money must be Aristocratic in the true sense of the word, and that sense is Racial and Nordic. They must, before all else, be worthy of trust.

HYPOCRISY

THE Government, in its wisdom, has introduced a Bill which provides for the drastic prohibition of lotteries and sweepstakes as also of any Press reports concerning them.

But the Bill neither prohibits the Stock Exchange Lotteries (with the daily press reports of the gambling thereon) which concern the necessities of life for the people of this country, nor the published results and operations of the International Jew money-changers' sweep-all stakes.

JEWS WOULD BE WELCOMED Kosher Fascism

AT a dinner held by the January Club at the Hotel Splendide, London, on 21st March, at which "Fascists" of the Mosley Brand sat down to dinner with Jews, Dr. Forgan, the Director of Organisation of the British Union of Fascists is reported in The Fascist Week (The Union's organ) as having stated that " Fascists consider the whole Jewish question as being relatively unimportant as compared with the. great national issues with which they were concerned

Sir Oswald Moseley

That international finance and Bolshevism are Jewish and allied with one another, both working hard against this country, is a fact hardly worth mentioning, we presume, compared with the collection of unjust tithes on a Norfolk farm; whilst the wholesale contamination of the White Races of Britain by intermarriage with Jews of Armenoid, Mongol and Negroid blood is a matter of no real national importance in the creed of Sir Oswald Mosley.

ACCORDING to the Jewish Chronicle of 30th March, Dr. Forgan also stated on this occasion "that Jews would be welcomed as members of the organisation."

So now, even the most mutton-headed Gentile can guess what is behind this much-boasted and much-moneyed "Union" of "Fascists!" And the "rot" foreseen by The Fascist months ago, is now setting in among the London Branches of this wretched travesty of Fascism for even its own members have at last discovered that "the old gang," with its conspiracy of silence, has been quietly exploiting their simplicity under an alien influence.

The Lighter Side of Finance GERMANY'S COMING "DEFAULT"

IF a debt was incurred in Radium, and, at the time of settlement, the Debtor had an inexhaustible supply of other commodities but no Radium, would he be bankrupt? The question becomes more pointed if it be supposed that the Creditor himself had cornered all the available Radium, and refused to part with a single grain.

Civilised law knows sufficient of Equity to ensure that such a question need never trouble a Court of Law.

YET when it comes to International Finance, of course, all Equity goes by the board; it is the Chambers of commerce who urge the necessity for Courts of Arbitration for commercial disputes, and not the Jew, be he "big" or "small."

International Finance decrees that the bargain of Shylock must be carried out to the letter; that the pound of flesh be delivered in full and in kind. It was so in the case of the British War Debt settlement, to be paid in Gold on three days demand—a sum equal to one-half the world's visible Gold supply, which Britain never had, nor never could have under sane World conditions: yet Rufus Issacs (politely called Lord Reading) hand us to such a bargain and was hailed as genius for so doing; not in Coal or Iron or Cotton Goods or Foot-wear or Liquor but in Gold, the beautiful shiny metal, he the miser loves to trickle through his fingers for which we have fought wars—but only on behalf and at the behest of Jews.

We will be shortly urged to get excited one more as the International Jew clique is busy forcing Germany into spurious bankruptcy by arranging that debt repayments and interest charges shall only be accepted in Gold, which Germany cannot find, though she is willing to export any amount of a dozen other commodities. Jews, who have arranged the trade offensive, staging Boycotts in one part, subsidising competition in another, doing all within their power to stop Germany gaining foreign balances, will cry to all the world that Germany cannot produce so many tons of Gold and is, therefore, a defaulter, a pariah in a world of Financial Purity.

In more propitious times, we might be urged to wage war on Germany; sooner or later, the demand will come forward to this effect, with such a barrage of lies and distortions that in comparison the present outpourings of the Herald, News Chronicle, Manchester Guardian and Daily Telegraph will read like a toned-down "Pilgrims Progress;" but not yet, for the will of the people has not yet been sufficiently stilled.

In the meantime, the Readings, Melchetts, Goshens, Rothschilds, et. al. will pose as champions of Honesty and Virtue; and who, lest they commit the solecism of unorthodoxy, shall dare to say them nay?

Trying to Silence Us

A GAIN and again, our enemies work to prevent us holding our meetings. In the last three months, we have twice had our Meetings cancelled by the owners of the Halls we have hired, the cancellation taking place a day or two before the Meeting-date after all arrangements had been completed. These cancellations are not accidents. Various reasons are given by the Proprietors of the Halls for their action; at Potter's Bar, the Meeting we advertised in last month's Fascist was cancelled because the handbills for the same were said to be "provocative." We know well, that there is no remedy for us in the "British " Courts of Justice, and it will become more and more difficult for our meetings to be arranged.

At Potter's Bar, the Vicar, whose name is Robinson, but would perhaps more appropriately be Rubenstein, is reported by the ' Evening Standard "to have said," I am sorry we have no horse pond in Potter's Bar, but if the meeting cannot be prevented, the people of Potter's Bar are welcome to the use of my ornamental pond for ducking purposes. Thus, the Christian Minister unable to stomach free speech, incites publicly the people of Potter's Bar to violence against the chief body in Britain which wars against the enemies of the Christianity which he preaches! When the Vicar knows the people of Potter's Bar as well as we do, he will be careful when he is passing his own pond on dark nights.

In the case of Potter's Bar, the "provocative" part of the bills was said to be the sentence in the interests of good order, Jews and other undesirable persons will not be admitted. The "provocative" words were the very ones which would best ensure good order at our Meeting!

We do not get in the least excited over these reverses; they give us far more publicity and public sympathy than if the Meetings themselves had been held without interference. But readers can judge from these happenings that we need more and more help to overcome our enemies and should know that we are working just as hard underground as we are on the surface; in fact by far the best progress is being made in that way.

Religion and Politics

FROM the beginning, the Imperial Fascist League has declared for the exclusion of religion from politics. The lesson of the past is that in Britain, religion can kill any political movement. As Fascists, we desire Unity, and so religion is not discussed at any of our meetings, except where questioners not in the movement insist on some specific point being answered.

We are aware of certain facts which cannot be denied; they are (1) that many British people find comfort in the Christian religion (2) that sects of the Christian religion are ready to fight one another in the name of Christianity and (3) that many British people do not believe that Christianity is true: It is no good denying these facts; they, at any rate, are true and everyone knows it. What the Imperial Fascist League has to do, is to achieve the political unity of the racial aristocracy of Britain in spite of the varying religious beliefs of the individuals concerned; and, in doing so, it must adhere to truth.

It is necessary to publish the truth about the old Mesopotamian civilisations which are now proved to have been founded and developed by Nordic people like ourselves; this is necessary because of the false claims that have been made in the past by Jews and their agents that these civilisations were Semitic. If that were true, the basis of Nordic Fascism

would be knocked away. We know now that neither Monotheism, nor the idea of a future life were anything but Nordic in their origin, since imitated and often perverted by Jews and other lesser breeds of men; we know that our laws, language, the art of writing, and other social achievements are the results of the sure instincts of men of our own race, not, as we were told in our youth, and are often told even now, of Jewish origin at all.

These are facts of historical record, not of religion. It is not our fault that some of these facts clash with the Old Testament of the Jews; but they do, and in attacking what is false in that book we attack nothing which is Christian, unless indeed, there are still Christians who can imagine that the God of Jewish Vengeance can be identical with the God of Christian Love.

Exception has been taken by a very few people to the following sentence in our pamphlet, "*Disraeli the Destroyer*":—

“That agency fooled the world for centuries into believing the Jewish Story of the Creation and the Myth of the Chosen People of God! And what is that agency? It is the Shameless bare-faced effrontery of the Jew, working for his own ends.”

Let us say at once that we stand for this statement because it is true; this is the year 1934, and Fascism at least is recognised by Mussolini to be dynamic, and will not stand hat-in-hand before these two ridiculous superstitions to gain the support of anyone. That would not be to act up to our motto, that of our great Fascist exemplar, King Edward the First of England, KEEP TROTH.

We cannot keep troth unless we attack what is untrue, and whether that untrue thing be the Jewish Myths in the Old Testament or the Universal Brotherhood Teaching which is preached falsely from the pulpits of many Churches, although it is a wish political idea for Gentile consumption, and has nothing to do with Christianity at all, we regard it as politically evil. If that is "attacking religion," let those who would have us suppress Truth in favour of Superstition keep out of our movement for we have no time for them.

THE FASCIST OUTLOOK

THERE never was any Communism in Russia. Bolshevism is State Capitalism under the Jew, and Communism was simply an idea spread among the Russian people to betray them into Bolshevism. And now, even the pretence of Communism has been thrown away; the Council of the People's (i.e. Jews') Commissars and the Central Executive Committee of the Soviet Union have issued decrees abolishing the minimum wage and making the pay of workers dependent upon production!

The New Guard in South Africa, has addressed an open letter to the Premier, General Hertzog, asking for a declaration on his part renouncing Republicanism, repudiating any possibility of South Africa remaining neutral during a war involving Britain, and safeguarding the flying of the Union Jack and the rights of British citizenship in South Africa. Receiving no reply beyond an acknowledgment of their letter, the New Guard sent a reminder, which elicited a refusal of their request. The New Guard is not yet Jew-wise, but our agents in South Africa are doing what they can to make it so, and we expect it to come out in to the open with regard to the Jew Menace about the same time that the Mosley Movement in England, which is loosely connected with it, splits to pieces over the same matter.

O tempora! O mores! *The Morning Post* last month printed a series of articles by Israel Moses Sieff, Chairman of "P.E.P.", on Planning in Industry. Mr. Sieff's views will also be found detailed at length in "*Waters Flowing Eastward*," obtainable from the I.F.L., 3/10 post free. In this work, it is shown how closely this Jew adheres to the plan of Fabianism. *The Morning Post* has travelled a long way on the downward path since the War; from a real anti-Jewish patriotism, in fact, to the boosting of the Jewish Plan!

It has been repeatedly stated in *The Fascist*, that Dollfuss's "Fascism," is, like Mosley's, Kosher. The "World Service," of 15th March now supplies details. The principal Jewish agents behind Dollfuss, are Kunwald

("Baron Holstein, Von Hecht, Berliner, Altmann (Fey's secretary) and Mandl, friend of Prince Starhemberg, who is heavily in Jewish debt.

The Morning Post of 13th April, announces on its most important page, another new "patriotic" movement, called, the "British Movement." It is headed by a Mr. Duncan Sandys, who showed his colours by supporting the candidature of the Jewish Mr. H. D. Wolff of Basingstoke.

The *Volkischer Beobachter*, chief official newspaper of Hitlerism, reports that the Pope's grandmother was "a Dutch Jewess named Lippmann."

The much advertised Jewish State of Biro Bidjan in Siberia, is a complete failure. Mr. I. Cohen, General Secretary of the World Zionist Organisation, addressing a meeting last month in the Zionist hall, Bedford Street, said that the natural conditions were not favourable to colonisation, that the colonists had to forswear their religion and become atheists, and that there were only 7,000 Jews out of 25,000 colonists in spite of three years concentrated publicity on the part of the Soviet to induce Jews all over the world to go there were only 7,000 Jews out of 25,000 colonists in spite of three years concentrated publicity on the part of the Soviet to induce Jews all over the world to go there.

In his new book, "*King Edward VII*," Mr. E. F. Benson states, "Owing to the financial acumen of such friends of his as Baron Hirsch and Mr. Ernest Cassel, he had no debts at all." Too often has European Royalty, past and present, succumbed to the easy influence of Jewish Money. The Baron was the principal financial supporter of the vicious Alliance Israelite Universelle, which foisted on the world the ridiculous and equally vicious League of Nations; whilst Sir Ernest Cassel settled large sums in trust on the London School of Economics. It is questionable which of these institutions has done the British people the greatest hurt by the teaching of ideas which are false, so that the Nation is disarmed before its enemies

and disorganised between its constituents. The function of Royalty is to protect the people.

There is an intense concentration on British African Territories by the Jew Money Power. The ultimate aim, is to use the Negro against the White Gentile. In America and elsewhere, the Jew is gradually establishing himself as the "friend" of the Black "Underdog." Jews are being carefully placed in strategic positions in the administrations. Among recent appointments, is that of the Jew Abrahams as Chief Justice of Tanganyika, which is a particular affront to the many German colonists in that country.

In the *Cape Times*, its stated that in London, an Empire Mark has been agreed upon by a Committee of Dominion representatives, and that it is to be known as the "Star of Empire." The illustration accompanying the notice, revealed this "new" mark to be a very old one, the Jewish six-pointed Star or Solomon's Seal, the symbol of Jewish control.

Otto Kahn is safely dead. This Jew was a member of the banking firm of Kuhn Loeb & Co.; he was born a "German" citizen; then became naturalised as a citizen of the United States: and later, was naturalised as a British citizen. His function was to assist in the objects cited in the *Protocols of the Elders of Zion*, and his wife was received in Soviet Russia in 1931 with honours suitable to an Empress, which, in truth, she was. To camouflage his miserable and destructive work against the countries which had sheltered him, Kahn gave "charity" in the form of lending his house to St. Dunstan's, the home for blinded soldiers. No doubt he will be described in the future Encyclopaedia Britannica, as was Jacob Schiff, his partner in financing Jewish Bolshevism in Russia, as a "philanthropist."

"The Sunday Despatch" of 8th April, reveals that this Otto Kahn, with Lady Oxford and Asquith, was godparent to the son of Mr. Duff Cooper, M.P. and Lady Diana Cooper. No wonder Mr. Duff Cooper has so long been a speaker for the Jewish League of Nations, and now,

since Hitler has dealt with the Jews, is suddenly converted to the necessity for armaments.

The Cinematograph Exhibitors' Association and the Kinematograph Renters' Society, are to combine to decide in all cases of new cinema halls whether they are "needed." This will ensure that the Cinema business shall remain a Jewish preserve in Jewish control.

The Royal Society for Prevention of Cruelty to Animals has sent circulars about protesting against the proposed "Rodeo" which the National Sporting Club has been arranging in London for this summer; good! But why does not the Society tackle the Jewish method of Slaughter of Cattle which goes on all the year round as a sort of perpetual secret rodeo in this country? The answer is, that if a paid official of the R.S.P.C.A. said "Jew," even to a Goose, the Jew Money Power would get him the sack.

General O'Duffy, leader of the Irish Blue Shirts, has now toed the Hebrew Money Line; he has written an abject apology to the Jew, Arthur Newman for certain truths about the Jewish Menace uttered by a Captain Giles, one of his followers, and promises that "such a thing as this" shall not occur again. No, General O'Duffy, you evidently belong to the Mosley-Dollfuss group!

"*La Libre Parole*," the organ of the "Francistes," makes an interesting statement in its issue for April which shows that it is not decided regarding letting Madagascar go to the Jews even with full compensation. We are glad to have this opinion as we have never before been able to get one from a French Fascist Organisation. If the future Fascist Government of France decides against a Madagascar "Zion," all we can say is, "so much the worse for the Jews" as the only other possible homes for that race are decidedly insalubrious.

"Here in Northern Rhodesia, the Jews have a stranglehold on the commercial life of the country. The Native trading is practically entirely in their hands. Practically the whole of the Hotel and Liquor Trade is theirs. 95 per cent. of the Cattle trade is Jewish; they exercise control over the Mining Industry and Railways. The Native Policy of the Government is the product of Judaised Clerics and Politicians in Britain. In the whole of Northern Rhodesia, I know of only two Jewish artisans. There are only two newspapers published in the territory, and both are owned by men of Jewish nationality. All cinema programmes emanate from the African Theatre Trust (Jewish, of course.) Thus, a Rhodesian correspondent. How long? How long?"

A British Columbia correspondent writes:—"In this Province in particular, one gathers identical information concerning other Provinces in Canada; the Provincial Legislature is completely dominated by Jews, either directly or through Gentile Fronts. If the large investments of the Guinness-Baring financial combine give any indication, British Columbia holds a particularly potent appeal for international finance.

Our greatest danger emanates from two sources; one, the new Socialist Party known as the "Canadian Co-operative Commonwealth Federation," but directed entirely by a College "Brain Trust" composed of Jewish Professors of the Canadian Universities who, in their turn are apparently dominated by the Einstein-Schiff-Baruch gang of Cabalistic Hebrews now busy formulating revolutionary programmes in the U.S.A.; the other source is the threatened invasion by a horde of Ashkenazim Jews from the United States - when that country is launched into revolution."

The Cape Association of Labour Unions (South Africa) has decided to send a deputation to Soviet Russia, "the only country which has solved unemployment" to find out how they do it. We suggest the cheaper alternative of a visit to the nearest Jail—or cemetery.

Fascist Italy, which now seems definitely to have "gone to the Jews" has not only four members of that nation in its Senate, but also four others in

the Industrial Lower House, viz.: Olivetti, Arias, Luzzatti and Pavoncalli. On the "National Council of Science" are the Jews, Dr. C. Levi, Prof. M. Ascoli, Prof. M. Almagia and Prof. G. Levi. The Rector of Rome University is the Jew, Roco; the adjutant of Balbo, now Governor of Tripoli, is a Jew, Major I. Levi; and Mussolini has also appointed the former President of the Jewish Community of Trieste to be "Major" of that City. More important than any of these, however, is the case of Signor Yung, Mussolini's Finance Minister, who is now admitted by the "*Jewish Chronicle*" of 13th April to be of Jewish blood.

In the *Daily Telegraph* of 16th April, Lieut.-Commander Kenworthy, M.P., now known as Lord Strabolgi, appears in his true colours as "a leader of British Jewry" appealing for funds for German Jewry.

Mr. M. Muggeridge's new book, "*Winter in Moscow*," says the *Daily Telegraph* of 17th April, " shows us the legions of Jews who run the machine " of Bolshevism. Yet, when we say, "Bolshevism is Jewish," many a good hearted Briton, full of Masonry and the Old Testament, looks down his nose at us.

Writing to the Morning Post of 20th April, Lady Houston informs us that Hitler has made two mistakes, "persecuting the Jews" and "defying the Pope." The idea of Lady Houston, who would never have been heard of if someone had not made money for her to spend, advising Hitler on how to run Germany, is about the funniest item in the month's Fascist news.

The Manitoba Provincial Legislature (Canada) unanimously passed a Bill brought in by a Jew called Hyman which amends the Libel Act so that any member of a race or creed may ask for a Court injunction to stop the publication and circulation of libellous matter against the same race or creed.

The Jew, Lord Reading is now Honorary Colonel to the 5th Battalion (Territorials), Royal Sussex Regiment; it is, no doubt, considered that this will stimulate recruiting.

ENGLISH FREEMASONRY Its Connection with Continental Masonry

WHEN Fascists call attention to the revolutionary activities of Freemasons on the Continent, they are usually confronted with the reply that English Freemasonry has no connection with the continental variety. Now it is quite true that the Grand Lodge of England officially repudiates the Grand Orient, and declares the higher grades (those above Entered Apprentice, Fellow Craft and Master Mason) "spurious," but that this repudiation is a fiction to be maintained merely by innocent masons, is proved hereafter.

The plain fact which has to be faced by honest English Freemasons, is that the ordinary ("Craft") Lodges are merely the recruiting grounds for the higher grades, e.g., Antient and Primitive Rite which has 33 degrees, and the Societas Rosicruciana in Anglia. These higher grades, entry to which is limited to selected Master Masons, are all linked with one another and the Grand Orient (directly or indirectly), which is the tool of revolutionary Jewry.

Dr. Wm. WYNN WESTCOTT succeeded Dr. Robert Woodman as Supreme Magus of the Societas Rosicruciana in Anglia in 1891 and held this office until 1925. **HE WAS APPOINTED JUNIOR GRAND DEACON TO THE GRAND LODGE OF ENGLAND IN 1902**, i.e. while he was still Supreme Magus of the Societas Rosicruciana in Anglia. Westcott, was also Secretary of the Rite of Swedenborg, Knight Kadosch in Ancient and Accepted Scottish Rites, **GRAND STANDARD BEARER, ROYAL ARCH, GRAND LODGE OF ENGLAND**, and Regent of the Illuminati. How, in the face of such a fact, can the myth of English Masonic isolation be maintained? Westcott was in close Masonic relationship with John Yarker and the German,

Theodore Reuss, 33', 90°, 96°. In a letter to "Brother" Reuss, Westcott states-- "Brother Yarker is entirely within, his rights to give you, a known Master Mason of England, a Warrant for a Lodge."

In 1902, Reuss named William Wynn Westcott as Regent of the Illuminati in England, thus establishing the interlocking directorate between Soc. Rosicruciana in Anglia and German Illuminism.

John Yarker held the following offices: (vide, *The Equinox* Vol. X, 1913, under the title, "In Memoriam"):—

Royal Grand Commander of the Rose Croix and Kadosch, 1868 to 1874.
Scottish Rite of 33° January 27th, 1871.

Installed Grand Master, 96° of Ancient and Primitive Rite at Freemasons Hall, London, October 8th, 1872.

Absolute Sovereign Grand Master, Rite of Mizraim, 90°, from 1871 to 1913.

Past Senior Grand Warden of Greece by Patent, July 1st, 1874. Rite of Swedenborg. In 1876 he was appointed Supreme Grand Master for the United Kingdom under the Charter of T. G. Harrington, P. G. Master of Craft Grand Lodge of Canada, Colonel W. Bury M'Leod Moore, Grand Master of Templars, 33°, and Geo. C. Longley, 33°. In 1882-3 he acted as General Giuseppe Garibaldi's Grand Chancellor of the Confederated Rites, which he arranged throughout the world. Elected Imperial Grand Hierophant, 97°, in Ancient and Primitive Rite, November 11th, 1902.

Grand Representative of the Grand Lodge of Germany, 1902-6, etc., etc. In a manifesto of the Sovereign Sanctuary, Ancient and Primitive Rite of Masonry signed by John Yarker, etc., 28th July, 1900, the following interesting statements appear:—

—it must be admitted that in foreign countries, the Craft counts for little in comparison with what are termed the High-grades," "It (A. & P. Rite) has an undoubted right—to the fullest protection under the following article, which is No. 2 of the unalterable Constitution and un-repealable

Law of the United Grand Lodge of England, mutually accepted by the Ancient and 'Modern' Masons when they united their forces in 1813, viz.:

It is declared and pronounced that pure Ancient Masonry consists of three degrees and no more, viz.: Those of Entered Apprentice, the Fellow Craft, and the Master Mason (including the Supreme Order of the Holy Royal Arch). But this article is not intended to prevent any Lodge or Chapter from holding a Meeting in any of the Orders of Chivalry, according "to the Constitutions of the said Orders."

The degree of Holy Royal Arch is considered nowadays sufficient to preserve the link between Grand Lodge of England and the Order of the Temple (Knights Templar).

An interesting light is thrown on the connection between Grand Lodge of England and Grand Orient Judaeo-Masonry by the history of the Societas Rosicruciana in Anglia. Ostensibly the object of this society is "purely literary and antiquarian," but its activities are purely political and anti-Christian. Dr. Wm. Wynn Westcott, Supreme Magus of the Order 1891-1925, also prominent English Grand Lodge and Royal Arch Mason, together with the Cabalist MacGregor Mathers, created the Rosicrucian branch known as the Order of the Golden Dawn. With Theodore Reuss (English Mason, etc.) Westcott was closely associated with the foundation of the Ordo Templi Orientis. According to The Equinox, official organ of the O.T.O., volume 3, No. 1, "The O.T.O. is a body of initiates in whose hands care concentrated the wisdom and the knowledge of the following

The Gnostic Catholic Church

The Order of the Knights of the Holy Ghost.

The Order of the Illuminati.

The Order of the Temple (Knights Templar)

The Order of the Knights of St. John.

The Order of the Knights of Malta.

The Order of the Knights of the Holy Sepulchre.

The Hidden Church of the Holy Grail.

The Hermetic Brotherhood of Light.

The Holy Order of the Rose Croix of Heredom.

The Order of the Holy Royal Arch of Enoch.

The Antient and Primitive Rite of Masonry: (33 degrees)

The Rite of Memphis (97 degrees).

The Rite of Mizraim (90 degrees).

The Antient and Accepted Rite of Masonry (33 degrees).

The Swedenborgian Rite of Masonry.

The Order of the Martinists.

The Order of the Sat Bhai, and many other orders of equal merit, if of less fame.

ALEISTER CROWLEY AND MASONRY

By a Certificate signed by Theodore Reuss, "Aleister St. Edward Crowley" was appointed National Grand Master of the O.T.O. for Great Britain and Ireland, so that the notorious activities of this occultist in connection with the secret phallic doctrine of the O.T.O. are based upon the "wisdom and knowledge" of the above-named 18 masonic societies. The prominent persons connected with this organisation at its start were, John Yarker, William Wynn Westcott, Papus, Karl Kellner, Theodore Reuss, MacGregor Mathers, Franz Hartmann and **ALEISTER CROWLEY**.

BRITONS AWAKE!
JOIN THE
IMPERIAL FASCIST LEAGUE

**An Organisation consecrated to the service of the British race
and Empire in every sphere of national activity.**

THE aim of the League is to replace the present outworn "democratic" method of Government by the adoption of a Fascist Constitution headed by the Monarchy, with an Executive of selected men of character and of service, aided and advised by an Industrial House of Commons representative of the organised productive forces of the Country.

The first principles of Statecraft demand the following policy, which cannot be obtained under a system of counting heads, regardless of their contents:

- 1.—Provision of adequate protective forces to secure the safety of the Empire.
- 2.—Preservation of the National Character, particularly of the priceless and worldwide reputation of the BRITON for Honesty.
- 3.—Elimination of evil alien influences, especially that of the Jews.
- 4.—Deliverance from the fraud of the Gold Standard; adoption of a Scientific Monetary System.
- 5.—Upholding Agriculture, for the Nation's sake.
- 6.—Federation of the Empire's foreign policy.
- 7.— Protection of our Industries, as requisite.

8.—Compulsory Arbitration in disputes and cessation of industrial civil war.

ALL WITHIN THE STATE, NONE AGAINST THE STATE.

A TYPICAL DEMAGOGUE

SHAMELESS bare-faced effrontery made Sir Oswald Mosley announce on 8th April at Stoke-on-Trent that "to talk of self-government for India is absurd." The sheer humbug of this will be plain to all, when we remind our readers that this typical demagogue supported self-government for India in an interview with the Calcutta paper, Forward, 17th January, 1925; and advised the Indians to formulate a programme for self-government in the form of a Bill! In the *Daily Herald*, 10th March, 1925, he wrote that Gandhi was a great man who could not be ignored and it was impossible to have peace in India without Gandhi! In an interview with the Indian Daily Mail, 14th February, 1925 he said, "Indians must create their own system of Government! The only men Mosley can fool are those who have not lived long enough to remember these things.

ROBBED!

Why did the Priest and Levite pass by on the other side in the parable of the Good Samaritan? Because the man had been robbed already! (From Arab Federation, Jerusalem)

The English Folk Dance and Song Society (President, Lady Ampthill, wife of the Grand Master of the United Grand Lodge of English Masons) has on its official notepaper the Seal of Solomon, the Jewish six-pointed star representing Jewish control. This is about the limit.

"*The Patriot*," referring to Mrs. Webster's work of modern history, "*The Surrender of an Empire*," says (Vol. 26. p.338) "it is not anti-semitic." Well, that is -all we have to complain about this fine work, but fortunately most of the intelligent readers of the book will become anti-Jew if they really digest what they read.

Lt.-Col. H. C. Bruce-Wilson who has taken charge of "British Fascists, Ltd.," is a Freemason. Seeing that the remnants of that organisation adopted the policy of the Imperial Fascist League, two years ago, it is a pity that they continue to maintain a separate existence.

A SIDE-LINE OF USURY

IT is an incontestable fact that the money-lending "business" is almost exclusively Jewish owned. In a biography, entitled, "*A Terrible Life*," by Basil Tozer (T. Werner Laurie, Ltd.) of a woman author—pseudonymed "Madame Messaline" (? Jewess) an International procuress of the first degree, the following appears:—

There are professional moneylenders who add a sort of side-line to their legitimate business by virtually selling the honour of some of their clients to the highest bidder. Messaline told me of several, whose methods of procedure are identical.

A well-to-do woman borrows from one of them in the ordinary way. She renews the bill, and in due course renews it again, or borrows a further sum on flimsy security. Meanwhile, the lender has discovered that she is daily and nightly playing cards for high stakes which she cannot afford, or gambling heavily; also that among her friends are several men of the usual type, who are greatly attracted by her. Finally, unable to repay the loans, she comes to the money-lender to ask what can be done, to plead with him; to all intents she throws herself on his mercy.

Then it is that the man begins to operate. He talks to her quite nicely, explaining, however, that he cannot under any circumstances allow the

loans to stand over longer, then goes on to outline gradually the only opening left to her to wipe out her debt completely. There are several men friends of hers who like her very much; they are rich, they could easily get her out of her difficulty, he practically tells her in so many words. He happens to be personally acquainted with these friends of hers, he says, and might, if she will agree to the proposal, approach one or other of them and delicately suggest that he should repay the loans and interest on her behalf, provided that she will undertake to allow him certain liberties. If she does not in the end agree to his proposal then and there, then some days later she will come to him and tell him that, after carefully thinking over his abominable suggestion, she has decided—because there is no other way out of her entanglement so far as she can see—it is Hobson's choice .and so on.

That being finally arranged, the moneylender gets into communication with several of the men whom he knows are ready to pay heavily for the favour he is going to offer them, and, after negotiations, the woman is passed over to the one offering the best price over and above the amount of the loans and their accrued interest.

In the biography, there appears a man —a procurer of equal degree—named Isidore, a typically Jewish name. The book has been banned by several libraries. Why? Is it that the public would identify the Jew control of the White Slave Traffic.

SHALL AYLESBURY LEAD ENGLAND?

THE true function of money is now. through the efforts of Councillor W. A. Narbeth, understood by nine Town Councillors of Aylesbury out of fifteen; they voted in February for Mr. Narbeth's motion, "That this Council appoint a special committee to consider the possibility of issuing its own notes for future loans." In introducing his motion, Councillor Narbeth said:—"As soon as we start to improve Aylesbury, we come bang up against Money. On that money we must pay interest. There you have the whole crux of the thing. All the trouble in the world is on this very point, interest on money, Usury.

Because when we were boys, there was usury, and we have always had it, we must not presume it is God-ordained and that we must go on with it. In Guernsey, the system of issuing local notes has been going on for 80 years. They wanted various improvements, but could not afford to pay interest. A man suggested to Guernsey what I am suggesting to you. He was received with ridicule, as I was, but persisted, as I am doing, and was able to bring the Council to see the wisdom, as I am hoping to do.

The Council first issued £4,000 worth of notes. This was for coast preservation. Now they have in circulation between 150,000 and 200,000 of local notes and have built a town hall, schools, markets, harbours, baths, etc.; if they had borrowed the money, they would have had to pay £11,383 in 30 years; their own notes only cost them £450 in staff, printing and cleaning, and so the rates of Guernsey are only 9d. against our 11/- or so.

The scheme is to issue notes which Aylesbury people agree to take without discounting. Local labour and local materials are paid for by the Council with the Notes, and are passed on in due course to shops, and so on, who use the notes to pay their rates.
